2024: a year for celebration

Dear Friends:

Another exciting year at Wooded River and one filled with gratitude for you, our customer. This year we added three new Signature Washable Wools to our line-up (Alamosa, Lariat, and Solid Spice) in addition to a great new north woods ensemble (Wilderness). Other "news" include a new cuddle and faux fur plus an expansion to our ever-popular Premier Throws that are perfect for cuddling up on the sofa during the chilly months.

Finally, we're excited about the newest company under our umbrella: Big House Fabrics and its beautifully curated catalog of upholstery options!

All in all, we're so very grateful to continue to serve you and bring you new and interesting products to help your rustic categories shine!

Sincerely,
Jill and Brandon Andersen
& the entire Wooded River Team

Donchos

Warm, durable, and stylish!

- One-size-fits-most and two styles to choose from
- Available in multiple washable wool or cotton blends
- Blanket stitch edges and made from up to 90% recycled content

Two Styles... what are the differences?

Both of our poncho styles offer top-notch craftsmanship, stylish cuts, one-size-fits-most, blanket-stitched edging, and thirteen fabric choices... but there are a few differences that are completely a matter of personal preference.

The L-style Doncho

The V-style Doncho

Neckline & Cowl

The "L-style" has a more generous neckline. While both poncho styles allow for a cowl, the V is less pronounced.

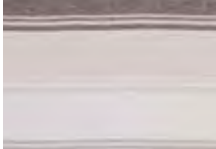

Cut & Material Usage

The "L-style" measures 43"W x 38"L, The "V-style" measures 40"W x 35" L. Both cuts allow for multiple ways of wearing the poncho.

Hem & Drape

Bottom Hem on the "L-Style" has an off-centered point and due to cut it has a longer drape and looser fit; the bottom hem on the "V-Style" has a centered point and is more fitted.

Wooded River Bear

Our Wooded River Bear bedspread set combines forest greens and bright golds on a deep red background that offsets a forested bear silhouette scene. The coordinating plaid bed skirt and geometric borders complete the look of this rich and rustic bedding set. The luxurious, wool blend fabric is warm, wears well, and has a soft, non-scratchy feel that is easy to care for. All items machine washable except décor pillows.

While this collection was developed by Jerome's mother Pam, the inspiration was from Jerome. The pride a mother feels for her child's accomplishments can not be surpassed. This led to the decision to offer a collection of furniture and accessories that exemplify the spirit of the cowboy.

Jerome set his sights on the bull riding championship as a child and never lost sight of that desire. He worked hard and trained hard and reached his goal as the 1995 PRCA World Champion Bull Rider. Jerome had his sights on another championship when an unfortunate 1998 accident on a bull named Knock 'em Out John left him paralyzed from the chest down. Now the desire to overcome this obstacle became his focus. A true champion, he has done just that. Today Jerome and his wife Tiffany host bull riding events for the PBR and for local charities. J.W. Hart said it best, "Jerome is the happiest person in the world. When someone needs a hand, Jerome's there to help. He always has a smile on his face. Jerome has as big a heart as anyone."

The Jerome Davis Collection.....built with pride.....built to last.....built for the cowboy in all of us!

Color variations should be expected from hide to hide and within dye lots. Natural characteristics such as healed scars, scratches, neck and belly wrinkles will be apparent throughout the leather.

Real leather reflects the trails of life-healed scars, wrinkles, bites and brands that make each hide different and unique. Color variations and shading are to be expected. Multiple hides are essential to build one piece of furniture.

Wooded River Disclaimer

Every effort has been made to use accurate photographs, product descriptions, and specifications at the time of printing. However, because of continuous and progressive product improvement, specification, descriptions, and printing are subject to change without notice of obligation. Scars, wrinkles and folds all contribute to the natural beauty of top grain leathers and do not affect the performance or longevity of the leather. The appearance of these characteristics varies from minimal to prominent, depending on the hide selection and processing. Dyes are absorbed differently throughout the hide and some color variation is normal and expected.
